

WHAT DOES IT COST TO SELL MY EQUIPMENT?

We have two options to fit your selling needs, both of which are performance based, **no results, no cost!** We are confident in our marketing, and we are scrupulous on only representing quality equipment from reputable companies. You should expect and anticipate results with either option you choose, although you won't pay anything if we don't produce results...**no results, no cost to you!**

1.) YOU SELL IT: Your Equipment is placed on our site by category. A Custom landing page is created for your equipment. You only pay if your equipment generates Request for Quotes. Receive as many as you need to make the sale!

- \$25 per Pre-Qualified Buyer Request for Quote we send you. All Request for Quotes are pre-qualified. Request for Quotes are screened as to buyer's financial capability, verified company operations, and time-frame of intent to purchase.
- \$7 per Request for Quote we send you. These are not screened or pre-qualified, you receive every inquiry on your equipment generated from our marketing.

2.) WE SELL IT: Your Equipment is placed on our site by category for FREE. A Custom landing page is created for your equipment. Petro Rigs will actively market and attempt to sell your equipment, a commission fee is only payable if we sell your equipment, **no results, no cost.** Below is the commission percentage based on the final selling price.

- 10% on Equipment Sales \$1 to \$99,999.00
- 7% on Equipment Sales \$100,000.00 to \$499,999.00
- 5% on Equipment Sales of \$500,000.00 to \$749,999.00
- 2% on Equipment Sales of \$750,000.00 and up

If you have Equipment you need and want to sell, Sell it with Petro Rigs. We have the marketing that reaches the right buyers. We can sell it for you, or you can sell it yourself, it's totally up to you. No Results, No Cost to You. Upon approving your equipment for listing on our site, we will send you our payment and listing agreement. All pricing above in USD.

Quality Equipment + Qualified Buyers = SALES
