The image shows two metal cups, one on the left and one on the right, both containing a dark liquid. They are placed on a red surface. In the foreground, there are three clear plastic packages of Pacific MWD, Inc. Each package contains a long, thin, cylindrical object, likely a wireline tool. The packages are arranged in a row. The background is a dark, textured surface, possibly a metal grate. The text "www.PetroRigs.com" is overlaid in the center of the image.

The image shows a collection of industrial metal components, likely parts of a wellhead or similar machinery. On the left, several long, perforated metal pipes are stacked vertically. In the center and right, there are various cylindrical parts, some with flanges or threaded ends, and other mechanical components. The entire assembly is resting on a surface made of perforated metal plates. A watermark is visible in the center of the image.

The image shows a collection of industrial metal tools and components stored in a metal container. In the foreground, several long, cylindrical rods with a perforated or mesh-like surface are stacked horizontally. To the left, two vertical valves or control mechanisms with circular handles are visible. The background contains more rods and various fittings. A heavy metal chain is attached to the top edge of the container. The overall scene suggests a storage area for specialized equipment used in the oil and gas industry.

A metal mesh tray containing various drilling tools. A large red and silver drill bit is prominently displayed in the foreground. Behind it are several other red-capped drill bits. To the right, there is a blue box with a white label that reads "PACIFIC WELD INC." and features a blue diamond logo. The tray is set against a dark background, possibly inside a container or a rack.

The image shows four toolboxes arranged on a wooden surface. On the left, three black plastic toolboxes are stacked vertically. The top one has a red and black latch and a white label that reads "TOOLBOX". The middle one has a white label with illegible text. The bottom one has a yellow label with illegible text. On the right, there is a larger, grey metal toolbox with a black handle and a white label that reads "TOOLBOX". A large white watermark "www.PetroRigs.com" is centered over the image.
